On the subject of reducing the price of public lands ATLANTIC, LAKE, AND MISSISSIPPI TELEGRAPH. OHIO, INDIANA, AND ILLINOIS TELEGRAPH.

I'o smend an act to incorporate Knightstown and Shelbyville railroad, (became a law without the Governor's approval.) Abolishing the office of school commissioner in the county of In addition to the two thousand miles of Telegraph already constructed on the "Atlantic, Lake and Mississippi Bange," and all of which will be in operation this winter, the undersigned has now engaged in the construction of other lines (like that to New Orleans,) which will swell the aggregate probably to nearly four thousand miles on or before the next fourth of July. Under the recent law of the State of Indiana, authorizing any five or more persons to associate as a corporation for con structing and managing Telegraphic lines through the State of In-diana, or to and from any point in that State to any point on the Onio, the Lakes and the Mississippi, sundry citizens in Indiana, in connexion with the undersigned, have formed a company, endowed with all the corporate powers conferred by the Indiana law of the 1sth February, 1848, for the purpose of constructing and managing a line of Telegraph, connecting telegraphically several States of the American Union, under the name of the Onio, Indiana and Illinois Telegraph Company,"—with power to construct and manage Telegraphic lines between Michigan City and Dayton or Cincinnati, and between Michigan City (via Chicago or Dayton or Cincinnati, and between Michigan City (via Chicago or Milwaukie) and St. Louis—with connecting lines from Vincennes via Terre Haute to Indianapolis, and from Michigan City or other point, to Toledo or Detroit—forming a line or combination of lines of about one thousand miles long—connecting important regions in almost instantaneous intercourse, by means of the best Telegraphic systems devised by American ingenuity. The subscribers for the construction of any portion of said line or combination of lines, to share equally in the profits of the whole range of Telegraphs embraced within preview of the incorporation of the aforegraph embraced within purview of the incorporation of the afore-said "Ohlo, Indiana and Illinois Telegraph Company,"—it being understood that all the subscribers for the Cincinnati, Indianapo-

lis and Chicago Telegraph, and for the St. Louis, Alton and Chi-

cago Telegraph, shall be entitled to participate in all the advantages and profits of this General Company, and consequently entitled to receive certificates in the said "Ohio, Indiana and Illinois Telegraph Company," in lieu of the certificates now held by them in the aforesaid lines south-eastward and south-westward of Mich-It is understood, that the terms of subscription or ownership in the General Line known as the "Ohio, Indiana and Illinois Tele graph Company," shall be precisely the same as in either and both of the lines wow in process of construction from Lake Michigan south-eastward towards Cincinnati and south-westward towards St. Louis—in no way changing the relations between the subscribers for either end of the line; except so far as to embrace them all as equal participators in the benefits of a line more extended and advantageous than was originally contemplated in the project for either portion of the line; and also to unite them all under the protection of one common corporation—freeing the subscribers from linbility beyond the amount of their subscriptions, and furnishing all the protection which law can throw around property employed for pupile purpose. like the Telegraph.

The holders of certificates issued for the construction of a line from St. Louis to Milwaukie, Chicago or Michigan City, and for the construction of a line from Cincinnati or Dayton to Michigan City, Chicago or Villwaukie, will therefore be entitled to receive, in lieu of those certificates, other certificates of ownership in the in lieu of those certificates, other certificates of ownership in the corporation now created under the name of the "Ohio, Indiana and Illinois Telegraph Company," as soon as the said last mentioned Company shall be fully organized, under the law altuded to at the commencement of this circular. The Hon. John Law, one of the Judges of the State; the Hon. Abner T. Ellis, one of the State Senators; and John Ross, cashier of the State tank of Indiana at Vincennes, are among those who were associated with the subscriber in signing and filing the requisite document for the incorporation of the said "Ohio, Indiana and Illinois Telegraph Company."

This explanation is made for the information of all interested—the prevalent sentiment of the subscribers, as far as can be ascertained, being decidedly favorable to an organization under the law authorizing Telegraphic corporations in the manner above mentioned. The line from Michigan City to Cincinnati has the posts mostly up to the present connecting point at Dayton. The constructing party will immediately turn back and put up the wire conductor to Chicago—while arrangements for the work on the south-western end of the line (from St. Louis and Alton, via Springfield and Peori, to Milwaukie, Chicago or Michigan City,) are being prosecuted with a degree of energy that insures the completion of the whole line of nearly a thousand miles at an early period—consonant with the speed which has generally characterized the construction of the lines erected by the subscriber. When completed and in full operation—in full connection with all the other lines of the "Ohio, Indiana and Illinois Telegraph," traversing and connecting some of the richest regions in the world, will be found to rank among the most productive and satisfactory lines in existence.

Cincinnati, Feb. 22, 1848.

86-2wis corporation now created under the name of the "Ohio, Indiana

Cincinnati, Feb. 22, 1848. 86-2wis

MARRIED,-On the 27th inst. by Rev. F. C. Holliday, Mr. PHILIP PIATT, to Miss LAVINA BRADLEY all of this county.

If the statements we see in many of the papers, and the names of nany highly respectable physicians and citizens of high standing, attached to certificates of the good effects of a medicine can be relied on, it seems to us the height of incredulity to doubt for a moment the ntrinsic virtues of Dr. Bragg's Indian Queen Vegetable Sugar Conted Pills. Unlike most of names we find attached to certificates of this kind, its vouchers are found at home-physicians of high standingwell known to the community.

For sale by Tomlinson Brothers, sign of the Golden Mortar, and S J. Wade, druggist, Indianapolis.

IT GREAT INCONSISTENCY!!

Physicians prescribe DR. ROGERS' LIVER WORT AND TAR in the last stages and the most hopeless cases of CONSUMPTION. after all other medicines have failed, as it has proved itself to be the most extraordinary medical aid in curing that disease. Now this medicine is as valuable in the incipient stages, such as COUGH, COLDS, &c., &c., when the Lungs are not too far gone before ulceration takes place. It is seldom or ever known to fail in breaking up the most distressing Cough or Cold in a few hours time, if lirections are strictly followed. The GENUINE DR. ROGERS LIVERWORT AND TAR, which makes so many wonderful cures, is for sale at Wm. Hannaman's Drug store, in this city, wholesale or retail.

Office in Johnson's Building, on Washington street. feb. 26-86-tf BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS,

The Great Popular Medicine Of the day---Vast amount used per month---The numerous and Wonderful Cures it effects--- Its Magical Effect upon Bilious Fevers, and Fever and Ague---Great Excitement among the Doctors! THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS BY

valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chills and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak tomach, indigestion, loss of appetite, impurity of the blood, and all liseases prevalent in a western and southern climate. Their gree power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they roduce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new sup-ply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired allover the west and south, ensures sales of at least 50,000 Boxes per Month,

now admitted, on all hands, to be the most extraordinary and

And we find it difficult, with our large force of hands, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per mon than 10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment; 1,500 cases of Bilious Fever;

do of weakness and general debility; do of various chronic diseases; do of weak stomach and loss of appetite] do of Dyspepsin; do of Female complaints; do of Ague Cake, or Enlarged Spleen; 1,200 do of Scarlet Fever ;

do of Typhus Fever; 300 do of Putrid Sore Throat. This must appear almost incredible, but the numerous letters rom physicians, agents, and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the place of the various sugar-coated counterfeits which are affout, and the numer-ous tonic mixtures, made wholly of quinine, which are imposed upon the public by manufacturers who live, nobady knows where I upon the public by manufacturers who live, nobody knows where!

Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills are of two kinds—the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, torpor of the Liver, and general debility. It is in Fever and Ague, Chill Fever, &c., that they achieve their greatest triumphs. It rarely requires over twelve hours; or more than half a box of the tonic pills, to break the chills and effect a permanent cure—which is rarely the case with the tonic mixtures of quinine, hawked about the country by ignorant pretenders. Those who take

the tonic pills will never forsake them.

Who can wonder, then, that a medicine of such extensive popularity, and extraordinary virtues should cause Great excitement among the Doctors! The prejudices of physicians against their use are at last giving way to the play of reason, and the convictions of every-day experience which they derive from their patients and friends who Doctors are now almost every day sending orders from every eart of the country for a supply of these pills to use in their prac-
